

# Visual Brainstorms 2<sup>®</sup>

## The Smart Thinking Game.

Binary Arts teams up with the Dean of American Puzzlers, Martin Gardner, to present round two of Visual Brainstorms. Assembled within you will find 100 "best pick" brain-teaser questions inspired from the writings and creations of this great man.

**Each question card is richly illustrated** in a brightly colored and humorous cartoon format.

### Question categories include:

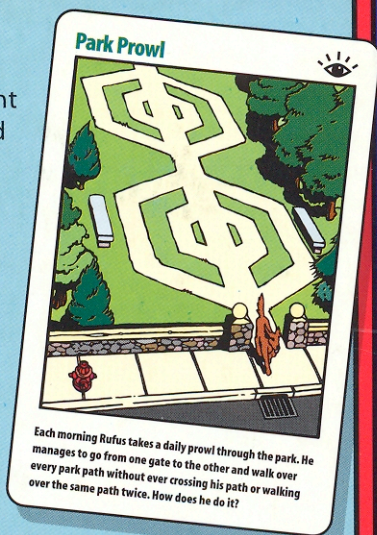

eyeball foolers, maddening mazes, rebuses, anagrams, coded messages, logic puzzles, dissection dilemmas, and brain conundrums.

**Cards are color coded to indicate level of difficulty:**

### Each card includes a Bonus Question.

Watch Out! If you see an  on the card front, you will be tested on your visual recall skills. A  symbol means you'll search for mistakes in the drawings.

### For one or two players and teams.

Full "how to" directions are included inside.

### Ages 10 and up.

Younger players can also play Visual Brainstorms 2, but should team up with an older partner for maximum fun and learning.

### An introduction by Martin Gardner

is included inside the package. It's just the right message to get your brain limbered up and ready to play!

**Join in the celebration of learning!
