

MATHDICE™**The Fast Fun Game of Mental Math!**

This is the most flexible, fun, and elegant math skills game ever invented...we promise! Simple rules make it fun for all ages and all math levels.

TO PLAY

- 1) Roll the two 12-sided Target Dice, multiply the two numbers—that number is the TARGET NUMBER.

$$8 \times 4 = 32$$

8 4

- 2) Roll the three 6-sided Scoring Dice.

- 3) The winner is the first player to combine the three Scoring Dice in any way to match, or come closest to, the TARGET NUMBER.

$$(5 \times 6) + 2 = 32$$

5 2 6

Game Includes:

- Two 12-sided dice
- Three 6-sided dice
- Instruction Booklet with 8 Practice Tables of examples for addition/subtraction, multiplication, division, powers, roots, and more
- Handy Travel Bag
- Web link to activities for parents, teachers, and kids at: www.ThinkFun.com/mathdice
